Heavy Metal & Tubes Limited
SCHEDULE "16"

I. ACCOUNTING POLICIES:

1. Basis of Accounting:

The accounts have been prepared based on historical cost and on the basis of a going concern with revenues considered and expenses accounted wherever possible on their accrual including provisions/adjustments.

The preparation of financial statements in conformity with generally accepted accounting principles requires estimates and assumptions to be made that affect the reported amounts of assets and liabilities on the date of the financial statements and the reported amounts of revenues and expenses during the reported period. Differences between actual results and estimates are recognized in the period in which the results are known/materialized.

2. Fixed Assets And Depreciation:

Fixed Assets are recorded at historical cost inclusive of Pre-Operative expenses incurred during construction period less depreciation and tax credit.

Depreciation has been provided on straight-line method at the rates and manner specified in schedule XIV to the Companies Act, 1956.

3. Inventory Valuation:

Raw material, Stores & Spares, Finished Goods and Semi Finished Goods are valued at lower of cost and net realizable value. Scrap is valued at realisable value.

4. Revenue Recognition:

Sales are inclusive of sales tax, excise duty, export incentives. Sales value is net of Foreign Exchange rate difference relating to transactions of sales. Windmill income for captive use of power is accounted at the rate of UGVCL.

5. Employee Benefits

Provident Fund

The Company Contributes to a recognized provident fund which is a defined contribution scheme. The contribution are accounted for on an accrual basis and recognized in the profit and loss account.

Gratuity:

Short term employee benefits are recognized as an expense at the undiscounted amount in the P & L Account of the year in which the related service is rendered.

Post employment and other long term benefits are recognized as an expense in the P & L Account for the year in which the employee has rendered services. Liabilities in respect of gratuity of employees are funded under the employee's group gratuity scheme with the SBI Life Insurance.

**CERTIFIED
TRUE COPY**

6. Investments:

Investments are valued at Cost. Non-Trade (Long Term) Investments are stated at cost. Provision for diminution in the value of long-term investments is made only if such decline is other than temporary.

7. Foreign Currency Transactions:

Foreign currency transactions are accounted at the rate prevailing on the day of transaction and the difference if any on realisation are recognized in Profit & Loss Account except in respect of liabilities incurred for acquiring fixed assets, in which case such differences are adjusted in the carrying amount of the respective fixed assets. Monetary foreign currency items at the period end are translated at the applicable exchange rates.

In respect of transaction covered by forward exchange contracts, the premium or discount arising at the inception of such a forward exchange contract is amortized as expense/income over the life of contract. The exchange difference measured by the exchange rate between the inception of the forward contract and date of balance sheet is applied on foreign currency amount of the forward contract.

The company is exposed to currency fluctuation on foreign currency transaction. With a view to minimize the volatility arising from fluctuations in the currency rates, the company follows the formulated risk management policies including forward contract and other derivative instruments. Profit/Loss on such transactions including unsettled transactions at year end is recognized in the Profit & Loss Account.

8. Materials Consumption:

Material purchase is net of tax credit availed and excise duty. Consumption value is net of Foreign Exchange rate difference relating to transactions of purchases.

9. Taxes on Income:

Provision for Current Tax is computed as per total Income returnable under the Income Tax Act, 1961 taking into account available deductions and exemptions. Deferred Tax is recognised for all timing differences being the differences between taxable incomes and accounting income that originate in one period and are capable of reversal in one or more subsequent periods.

10. Borrowing Cost:

Borrowing costs that are attributable to the acquisition, construction or production of a qualifying asset are capitalised as part of cost of such asset till such time as the asset is ready for its intended use or sale. A qualifying asset is an asset that necessarily requires a substantial period of time to get ready for its intended use or sale. All other borrowing costs are recognised as an expense in the period in which they are incurred.

11. Provision, Contingent Liabilities & Contingent Assets:

Provision involving substantial degree of estimation in measurement is recognized when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources. Contingent liabilities are not recognized but are disclosed in the notes. Contingent assets are neither recognized nor disclosed in the financial statements.

**CERTIFIED
TRUE COPY**

12. Impairment of Assets

An asset is treated as impaired when the carrying cost of assets exceeds its recoverable value. An impairment loss is charged to the profit and loss account in the year in which an asset is identified as impaired. The impairment loss recognized in prior accounting period is reversed if there has been a change in the estimate of recoverable amount.

13. Financial Derivatives

In respect of derivative contracts, premium paid, gains / losses on settlement and provision for losses for cash flow hedges are recognized in the Profit and Loss Account.
